

COMET Services Site Licensing Fees

COMET Services is billed annually and priced according to the number of sites (locations) your program(s) operate in. We also charge a one-time setup fee for the first year.

Using the table to your right, you can look-up the annual cost to use COMET Operations for your organization.

If you prefer to be billed twice/year or quarterly, our billing department can accommodate those requests.

If you have additional questions, please reach out using our [ContactUs](#) page on our website at comet4children.com.
